Briers Offers Various Youth Basketball Programs (Fall/Winter/Spring)

For the 2019-2020 Season, Briers Basketball is excited to announce that our current house league program is changing to an age appropriate instructional model. This revised program (Intro to Basketball) is divided between free-play, instructional sessions, and games at a level commensurate with each age/skill division.

Relying on our core group of experienced coaches each player will be guided through focused skills and drills to assist with their advancement.
